

Cracker Barrel Old Country Store, Inc.

Lebanon, Tennessee

A thriving national company, Cracker Barrel Old Country Store has developed their own unique warehousing and distribution system. When they came to us for their 130,000 square foot facility, they had very stringent standards, including a super-flat reinforced concrete floor.

Overcoming very difficult site conditions through a winter construction schedule, Carden Company delivered the goods on-time and on-budget. And the floor earned us national recognition: a Golden Trowel Award for the flattest, most-level concrete floor in the United States.
