

Smyrna

Heartland Dental

Hendersonville, Lebanon, and Smyrna, Tennessee

Carden Company has now built three Heartland Dental locations in the Middle Tennessee area.

Schedule-driven and quality-sensitive, all these projects required an exceptional degree of coordination between our subcontractors, material suppliers, the owner's national account vendors and Carden Company, Inc. With the focused effort on the part of all team members, Carden Company was able to meet and/or exceed the owner's schedule and quality expectations on all projects.
